## Prime Business Management Announces the New Physician Package!

Tampa, FL, May 20, 2009: Prime Business Management today announces the release of its new Physician Package. This package is the result of feedback and survey results gathered from existing clients. The Physician Package offers the same quality and efficiency that the world has come to expect from Prime Business Management products. One significant change has been the inclusion of comprehensive office items needed to increase patient attraction and activation. In survey responses most physicians indicated that they wanted to be able to purchase select items as a bundle. Therefore, we have decided to offer the Physician Package, which includes the following: office brochure, logo design/ redesign, letterhead, business cards, and comprehensive patient forms. The addition of this package has resulted in a cost savings that will be passed through the physicians purchasing the new package. However, the package is only an option for those interested. Our products and services can still be purchased individually upon your request. To learn more about our new Physician Package and the items its comprised of, please visit: [www.primebusinessmanagement/services](http://www.primebusinessmanagement/services) or call: (877) 20 - PRIME to speak with a representative about our SPECIAL INTRODUCTORY PRICE OFFER!
